

Can housing be green?

---

We invite to presentation under the patronage of:

JM prof. Kazimierza Furtaka

Polish Green Building Council

Rector of Cracow University of Technology

PLGBC

Come to the presentation of **green building!**

Day: **March 24**,

Time: **11:00-12:30**

Place: **Cracow University of Technology, "Kotlownia" conference center**

„Can housing be green?”

Skanska is the first company in Poland, the two projects have been certified Green Building Europe.

- How have we done this?
- What are the trends in the global construction industry?
- Why we are 'green business'

More information and a current calendar of meetings can be found at [www.skanska.pl / practice](http://www.skanska.pl/practice)
